

## Sluices tour to Eglisau

Immediately after the start at the Rhine Falls, **you will experience the Rhine Falls up close**, before we glide down the Rhine into the «Rhenish Amazon». After 30 minutes we reach the power station Rhein-au, where the boat has to overcome the first weir stage. **To do this, you leave the boat and walk the 20 meter along the track system while the boat is pulled to the other side on a trolley – a unique spectacle!** We continue our journey around the Rhein-au monastery island and arrive at the second weir. After we passed this too, the route leads us along Rhein-au under the 200-year-old wooden bridge that connects Jestetten/Altenburg with Rhein-au. Finally, we reach the third and last weir, the so-called «tunnel outlet».

**Now the natural flow of the Rhine begins. On request and we will serve you a «Rhine Falls» or «Fishermann's Feast» Plate, which you can enjoy during the trip.** Past Ellikon, the numerous beaver tracks (perhaps you will be lucky and even see one), the mouth of the Thur, Rüdlingen with a view of the Buchberg church, Tössegg (mouth of the Töss) and finally Eglisau. From here you can either walk to the railway station 30 minutes away and take the train back, or you can hop on the boat again after a 45 minutes break and return to the Rhine Falls.

**An eventful and relaxing day!**
